Columbia University Medical Center
Vivian and Seymour Milstein Family
Heart Center
173 Fort Washington Avenue, NYC**

FRUITS OF HIS LABOR

Join us in honoring Dr. Forde for his life's work as an educator, mentor and pioneer. We have put together this symposium focusing not only on past contributions, but on future endeavors. Renowned experts will pay tribute and speak on topics such as; Surgical education in 2020, SAGES, flexible endoscopy, advancing pre-op assessment, destination cardiac therapy, advances in treating celiac disease, 3rd World colorectal screening, rectal cancer, surgical quality as hospitals merge and expand, surgical acute care, scientific writing & more!

The education and mentoring of young students, residents and faculty has been a major focus for Dr. Forde. If you would like to join him in supporting this endeavor we ask you consider a donation to the John Jones Research Fellowship. More details & the complete agenda are available online.
