

# *Pancreatic Cancer Awareness Day*

Join us for an afternoon of learning and sharing with the experts of the NewYork-Presbyterian/Columbia University Medical Center, Pancreas Center, Muzzi Mirza Pancreatic Cancer Prevention & Genetics Program and Herbert Irving Comprehensive Cancer Center.

In addition to clinical lectures, survivors will share their personal experiences. Following the presentations we will host a health fair in the Riverview Terrace where refreshments will be served. Various vendors will be on hand providing useful literature, materials & giveaways. You will also have the opportunity to interact with our staff and faculty.

*Open to the public with our compliments*
